Professional Summary

Full-stack developer with 1 year of MERN experience, skilled in building clean UIs and robust backends. Ex-tech consultant focused on user-centric, scalable solutions.

Skills

Languages/Frontend: JavaScript, TypeScript, HTML5, CSS3, React.js, Tailwind CSS, Material UI, Chakra UI

Backend: Node.js, Express.js, TRPC, RESTful APIs

Database: MongoDB, SQL, DBMS

Tools/Other: Git, GitHub, Postman, JWT, AWS EC2, Vercel, Netlify

Soft Skills: Attention to Detail, Adaptability, Time Management, Teamwork, Problem Solving, Effective Communication

Experience

Software Developer - Masai School

Sep 2024 - Present

- Engineered scalable backend features using Express.js and TRPC, including AI-based practice tools with ChatGPT API integration, resulting in a 10% increase in user engagement actively used by 30K+ students.
- Collaborated with operations team to enhance user experience by building a dashboard with real-time charts using React.js, Tailwind CSS, Material UI, and Chakra UI.
- Refactored and optimized frontend code for better performance and maintainability, and developed an AI-enabled chat feature using Socket.IO in a microservice architecture.
- Designed RESTful APIs such as integrated SaaS Zoom API, managing backend logic and data operations with MongoDB and storing assets in AWS S3 for dynamic content delivery.
- Deployed applications on AWS EC2, utilized Load Balancer for service routing, implemented functional and non-functional comprehensive testing for API reliability, and maintained detailed technical documentation.

Overseas Education Consultant - iSchoolConnect

Aug 2021 - Dec 2023

- Delivered personalized counseling on overseas education options and admission processes, advising students on course selection and university shortlisting.
- Executed targeted sales strategies to achieve enrollment and revenue goals while maintaining high client satisfaction rates.
- Facilitated comprehensive application support including visa requirements and resolved student queries throughout the admission journey.

Projects

Baidu-Bandits_072

Live: <https://be-1fit.netlify.app/> GitHub: https://github.com/sanjukumari-tech/Baidu-Bandits_072

- Developed wellness app with personalized plans and dashboards using React and Firebase.
- Integrated real-time data with Firebase and used Git for version control.

Education

B.E – Sathyabama Institute of Science and Technology

Aug 2018

Full Stack Web Development – Masai School

Aug 2024
